

*Outcasts, Pariahs, Criminals: Histories  
of Others and Othering*

**THE THIRTEENTH ANNUAL CONFERENCE  
OF THE  
MIDWEST WORLD HISTORY ASSOCIATION**

**SEPTEMBER 22-23, 2023  
ROOSEVELT UNIVERSITY  
425 S. WABASH  
CHICAGO, ILLINOIS**

Dear Friends and Colleagues,

Welcome to Roosevelt University's Downtown Chicago campus and the thirteenth annual conference of the Midwest World History Association. The COVID-19 health emergency is officially over but COVID itself served to reorder and reprioritize much in our lives. This year we have decided to have an only face-to-face meeting, going back to our pre-COVID practice, one that helped to build and maintain the sense of a tight knit family that the MWWHA community has become. We will discuss this move at our EC meeting to explore whether or not the increase in community building outweighs the barriers that it creates for some members of our community. That said, if you are new, we are delighted that you have decided to join us. We hope that your experience will be like my own and that you will return for many years to come. For those of you who already come to MWWHA conferences on a regular basis, welcome back! We've been waiting for you.

The conference theme, "Outcasts, Pariahs, and Criminals: Histories of Others and Othering", builds off of last year's "Difficult Histories" by highlighting the histories of and by those who have been othered. As many political leaders move to protect people from having to engage in "uncomfortable" discussions around the history of racism, sexism, classism, nationalism, and xenophobia, this theme invites presentations and discussions on how world historians at all levels – high school, community college, or university - can best create spaces within which to explore, share, teach and learn about contested topics. This year's theme is also a recognition of the change in federal law that once again makes incarcerated citizens eligible for Pell grants and the hopeful increase of educational opportunities for those most impacted by the carceral state. As always, while designed to spark discussion, the conference theme is not intended to limit possibilities: our conference committee accepted papers, roundtables, and workshops on a wide range of themes and time periods. The MWWHA is a unique organization that brings together community college, university, and K-12 faculty, independent historians, and students at all levels to learn from each other, to create community, and to grow together. Expanding our efforts in this area will also be a topic of discussion in our EC meeting.

As you look through the program, you will note that there are many panels, roundtables, and workshops on people who have been labeled as Outcasts, Pariahs, and Criminals. It is my hope that we can learn together how better to weave them into our understandings of the past and present and to learn from them how best to create positive change here and across the globe. We have much to learn from each other. You are encouraged to attend as many of the sessions as possible AND take the time to attend our keynote address by Jarrod Shanahan about the carceral state. I invite you to become part of our ongoing and growing MWWHA family. Once you join us, you won't want to leave us . . . that's a promise.

Again, welcome to Chicago's South Loop and Roosevelt University. A special thanks goes out to Keturah Brown, Kate Bolgrien, Sarah Eltabib, Jeanne Grant and all of the other members of the MWWHA conference committee and leadership team for all of their work behind the scenes to ensure that the conference runs smoothly. I look forward to getting to know you better and hope that you find your time with us an enjoyable and rewarding experience.

Andrae Marak  
President  
Midwest World History Association
